

Structured Bracelet Size Guide

The size of a bangle depends on the measurement of your hand rather than your wrist. Be sure to print this guide at 100% scale on US letter-size paper (8.5" x 11"). To confirm the scale is accurate, check if a standard credit card matches the length of the line below.

Place Your Credit Card Here

Steps to Measure Your Size

1. Print this size guide on 8.5" x 11" paper. Before printing, navigate to "More Settings" and make sure "Page Scaling" is set to "None." Verify the guide's accuracy by matching the measuring scale with a credit card.
2. Cut out the ruler and carefully make a small slit along the dotted line.
3. Wrap the ruler around your hand with the numbers visible on the outside.
4. Insert the numbered end of the ruler through the slit and pull it snugly around the set of knuckles closest to your wrist.
5. Check your measurement against the chart provided below.
